President's Report

TO THE SHAREHOLDERS:

On behalf of the Board of Directors, it is my pleasure to present herewith the Annual Report of the Company for the year ended December 31, 1967.

With the closing of the Company's producing gold property on August 31, 1967, the efforts of the Company have been turned to the exploration field. The major area of interest at the present time is located in the Kapikotongwa Lake area, about 40 miles north of Nakina, Ontario. Interest was attracted to the area because of the location of base metal mineralization by prospectors employed by associated Companies. date your Company has an interest in 170 mining claims covering nine miles of an east-west geological structure and including the initial prospectors' discovery. Other participants with your Company in the various properties include United States Smelting Refining and Mining Company and Nakina Mines Limited. Your Directors feel that the properties have considerable merit and that a thorough exploration program is warranted. Geophysical crews are presently working on the properties as a first step in this program.

Exploration rights have also been acquired to two properties which have merit as uranium prospects, and a program will be performed in the ensuing year.

Associated Companies

CALMOR IRON BAY MINES LIMITED will receive first income in 1968 from its 20% royalty interest in production from the Griffith Mine. With the earning of income Calmor will also become more active in the exploration field. The initial activity will be carried on in the Kapikotongwa Lake area through Nakina Mines Limited. Your Company owns 1,000,000 shares of Calmor, representing a 39% interest.

LAKE-OSU MINES LIMITED and URANIUM RIDGE MINES LIMITED are both active in exploration to the extent their resources will allow. During the prospecting season the above Companies, together with CALMOR, jointly sponsored a prospecting party. This party made the initial discovery in the Kapikotongwa Lake area and the three sponsoring Companies have organized Nakina Mines Limited to explore the property. Your Company will participate in this project by underwriting shares of Lake-Osu and Uranium Ridge and, among other things, will receive options on shares of Nakina. Full details of this transaction are supplied in the Information Circular accompanying this report. After the underwritings noted above your Company will own 831,500 shares of Lake-Osu, representing a 22% interest, and 532,655 shares of Uranium Ridge, representing a 21% interest.

Investments

The Company's investment in 1,000,000 trust shares of THE IRON BAY TRUST will produce its first income in 1968 through its 80% royalty interest in production from the Griffith Mine. This income will provide the financial resources for the Company's exploration activities.

Gold Mine

The closing of the Company's mine in Vauquelin Township, Quebec, on August 31, 1967, was deeply regretted by the Board. Underground diamond drilling extended the

continuity of the geological structure, particularly at depth; however, sufficient values were not obtained to justify the development costs which would be required to investigate same at the present time. The Board wishes to extend its appreciation to the mine employees and particularly to the Mine Manager, Mr. D. G. Valentine.

On behalf of the Board,

A. C. MOSHER,

President.

AUDITORS' REPORT

To the Shareholders Chimo Gold Mines Limited

We have examined the balance sheet of Chimo Gold Mines Limited as at December 31, 1967 and the statements of income and deficit and source and application of funds for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion these financial statements present fairly the financial position of the company as at December 31, 1967 and the results of its operations and the source and application of its funds for the year then ended, in accordance with generally accepted accounting principles applied, except for the change in accounting for mining claims and properties referred to in Note 2, on a basis consistent with that of the preceding year.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended December 31, 1967

- NOTE 1. The Company's claim for assistance under the Emergency Gold Mining Assistance Act is subject to audit and approval by the Federal Government.
- NOTE 2. The Company has changed its accounting practice for expenditures on mining claims and properties which are in the exploration stage, or are non-producing. Heretofore, the Company has capitalized all costs in connection with the acquisition and exploration of mining claims and has written off unrecovered costs upon the abandonment of the claims. In 1967 all costs of this nature are being written off to deficit, resulting in a total write-off of \$781,807 and will hereafter be carried on the balance sheet at the nominal value of \$1. In future all exploration costs will be written off as incurred. Excluded from the above write-off are certain pieces of mining plant and equipment from the Company's former producing property, which the Company feels will have a realizable value in the order of \$100,000.
- NOTE 3. The Company has agreed to purchase 200,000 unissued shares of Lake-Osu Mines Limited for \$50,000 and 200,000 unissued shares of Uranium Ridge Mines Limited for \$50,000 and have thereby earned the right to participate in an exploration venture through Nakina Mines Limited. The agreement will become effective upon the approval of same by shareholders of both of the vendor companies.
- NOTE 4. Income from the Vauquelin Township property is exempt from tax for a three-year period which commenced on January 1, 1966. The property ceased production on August 31, 1967.
- NOTE 5. The Company has been named the defendant in an action in the Quebec courts for \$50,000 damages as the result of an accidental death on the property. The Company is defending itself against the action and in the opinion of counsel the Company has a valid defence.
- NOTE 6. The aggregate direct remuneration paid to the directors and senior officers (as defined by the Corporations Act) of the Company totalled \$38,631.

PARTICIPATION IN PLAN FOR EXPLORATION OF THE MINING PROERTY OF NAKINA MINES LIMITED

The Company is participating in a plan which has as its principal objective, the exploration and development through Nakina Mines Limited (Nakina) of a certain mining property located in the Kapikotongwa Lake Area in Northern Ontario, comprising 40 mining claims (the Property).

Pursuant to the Plan:-

- 1. The Property will be acquired by Nakina under an Agreement dated as of December 8, 1967 between Nakina, Uranium Ridge Mines Limited (Uranium Ridge) Lake-Osu Mines Limited (Lake-Osu) and Calmor Iron Bay Mines Limited (Calmor Iron Bay) in consideration of the issue of a total of 750,000 shares of Nakina of which each of Uranium Ridge, Lake-Osu and Calmor Iron Bay will receive 212,500 shares of Nakina and certain prospectors will receive 112,500 shares of Nakina.
- In order to provide funds for Lake-Osu to permit it to participate in providing financing for Nakina, 2. the Company has entered into an Underwriting and Option Agreement dated as of December 8, 1967, with Lake-Osu, whereby, subject to the shareholders of Lake-Osu approving the Underwriting and Option Agreement, the Company has agreed to purchase from Lake-Osu and Lake-Osu has agreed to sell to the Company, 200,000 shares of the capital of Lake-Osu to be taken up and paid for in full at the price of 25¢ per share forthwith after the effective date of such Agreement, and in consideration thereof and subject thereto, Lake-Osu has agreed to give to the Company, the sole and exclusive right and option to purchase from Lake-Osu a further 100,000 shares of the capital of Lake-Osu to be taken up and paid for in full at the price of 30¢ per share within 90 days of the effective date of such Agreement or such later date as may be approved by The Toronto Stock Exchange; and in consideration of the Company purchasing the 200,000 shares of Lake-Osu at the price of 25¢ per share, Lake-Osu will assign to the Company its option to purchase 200,000 shares of Nakina at the price of 50¢ per share and its option to purchase a further 100,000 shares of Nakina at the price of \$1.00 per share which Lake-Osu will acquire under a Financing Agreement made with Nakina. The effective date of the Underwriting and Option Agreement is the date upon which the shareholders of Lake-Osu approve and confirm its execution by Lake-Osu.
- 3. In order to provide funds for Uranium Ridge to permit it to participate in providing financing for Nakina, the Company has entered into an Underwriting and Option Agreement dated as of December 8, 1967, with Uranium Ridge, whereby, subject to the shareholders of Uranium Ridge approving the Underwriting and Option Agreement, the Company has agreed to purchase from Uranium Ridge and Uranium Ridge has agreed to sell to the Company, 200,000 shares of the capital of Uranium Ridge to be taken up and paid for in full at the price of 25¢ per share forthwith after the effective date of such Agreement, and in consideration thereof and subject thereto, Uranium Ridge has agreed to give to the Company the sole and exclusive right and option to purchase from Uranium Ridge a further 100,000 shares of the capital of Uranium Ridge to be taken up and paid for in full at the price of 30¢ per share within 180 days of the effective date of such Agreement; and in consideration of the Company purchasing the 200,000 shares of Uranium Ridge at the price of 25¢ per share, Uranium Ridge will assign to the Company its option to purchase 200,000 shares of Nakina at the price of 50¢ per share and its option to purchase a further 100,000 shares of Nakina at the price of \$1.00 per share which Uranium Ridge will acquire under a Financing Agreement made with Nakina.

The effective date of the Underwriting and Option Agreement is the date upon which the shareholders of Uranium Ridge approve and confirm its execution by Uranium Ridge.

Each of the two above mentioned Agreements are being submitted to the shareholders since all of the directors of the Company have an interest in each of the Agreements as each director of the Company is a director and/or an officer and/or shareholder of each of Lake-Osu and Uranium Ridge.
